

ELIJAH ZACARIAS

WEB DEVELOPER

📍 Makati, PH | 📞 0976 008 6274 | ✉️ zacarias.elijah@gmail.com | 🔗 linkedin.com/in/ebzacarias | 🌐 elijahzacarias.netlify.app

5+ years of experience delivering responsive, scalable, and user-friendly web applications across finance, HR, and gaming/entertainment sectors. Built and maintained client-facing systems supporting business-critical operations, with a focus on reliability, usability, and performance. Adept at full-stack development with a track record of translating business requirements into practical, production-ready digital solutions.

SKILLS

Front-End HTML5, CSS3, Bootstrap (3, 4 & 5), Tailwind CSS, JavaScript (ES6+), jQuery, Ajax, Vue 3, React

Back-End: PHP, CodeIgniter 3 & 4, Laravel, Express.js, Node.js, RESTful APIs, MySQL, MongoDB, Supabase

Other Tools: VS Code, Version Control (Git, SVN), Postman

JAVASCRIPT ENGINEER | ADERIZE

04/2026 - Present | Tech Stack: HTML5, CSS3, & Javascript

- Developed and delivered responsive Rich Media advertisements and interactive web interfaces using JavaScript, HTML, and CSS, ensuring high-quality, cross-browser compatible solutions.
- Maintained and enhanced an existing codebase, improving application stability, performance, and long-term maintainability.
- Diagnosed and resolved technical issues efficiently, minimizing disruptions and ensuring timely project delivery.
- Collaborated with cross-functional engineering teams to successfully deliver client projects while meeting quality and deadline expectations.
- Kept current with emerging web technologies and development best practices, applying modern techniques to improve code quality and user experience.

WEB DEVELOPER | PROPLE BPO INC.

11/2023 - 03/2026 | Tech Stack: HTML5, CSS3, Tailwind, JavaScript, Vue3, PHP, CodeIgniter, MySQL, RESTful APIs, Git

- Developed and maintained web-based applications supporting finance, HR, and transaction-processing services for client accounts, ensuring stable daily operations.
- Optimized database queries and reporting workflows, reducing payroll and HR system load times and improving data reliability for client operations.
- Maintained and enhanced legacy systems used by multiple clients while introducing modern UI/UX improvements, delivering usability gains with zero downtime or service disruption.
- Designed and implemented automated payroll and HR reporting processes, reducing manual Excel-based reporting and improving overall data accuracy.
- Collaborated with cross-functional teams to deliver new features and resolve production issues in client-facing applications, reducing turnaround time and improving system stability.

FULL STACK WEB DEVELOPER | LUCKY 8 STAR QUEST INC.

10/2020 - 10/2023 | Tech Stack: HTML5, CSS3, Bootstrap, JavaScript, jQuery, Ajax, PHP, CodeIgniter, Laravel, MySQL

- Developed and maintained web applications supporting gaming and entertainment operations, improving system reliability and user workflows for daily active users.
- Automated manual operational processes using web technologies and backend systems (CodeIgniter 3, MySQL), increasing efficiency and significantly reducing repetitive tasks.
- Designed, managed, and optimized MySQL databases supporting high-volume daily usage, ensuring data integrity, fast query performance, and minimal downtime.
- Built custom APIs and integrated system modules to streamline gaming and reporting workflows, reducing data processing errors and enabling real-time data access.
- Implemented responsive web design techniques to ensure consistent performance across mobile, tablet, and desktop devices, improving usability and reducing support requests.

FRONT-END WEB DEVELOPER | FREELANCE

04/2018 - 03/2026 | Tech Stack: HTML5, CSS3, JavaScript, Vue 3, React, Laravel, CodeIgniter, MySQL, MongoDB, SEO

- Delivered responsive, client-focused websites for freelance clients, integrating SEO best practices (semantic HTML, optimized metadata, Core Web Vitals, and mobile-first design) to improve usability, performance, and search visibility across devices.
- Collaborated directly with clients to gather requirements, iterate on feedback, and deliver projects on schedule.
- Translated UI/UX designs into pixel-accurate, accessible interfaces, reducing design-to-development revisions.
- Implemented mobile-first and responsive design approaches, resulting in higher user engagement on mobile devices.
- Maintained and enhanced existing websites by resolving UI issues and implementing improvements that reduced support requests.
